### Management Comments on First Quarter Performance

“In the first quarter, NMFC delivered stable earnings and completed the ~\$470 million portfolio sale,” said Steven B. Klinsky, NMFC’s Chairman and New Mountain Capital CEO. “We are using the proceeds from the sale to de-lever the balance sheet, buy back stock at a significant discount to book value and reinvest into attractive new investments in the primary and secondary market.”

John R. Kline, NMFC CEO, added: “NMFC continued to enhance the portfolio quality in the first quarter, materially reducing PIK exposure and improving diversification and asset mix. Excluding the impact from the portfolio sale, NMFC’s book value declined modestly in the quarter, primarily reflecting broader market movements in software and technology-oriented loans impacting the BDC sector. We remain focused on further portfolio enhancements throughout the balance of the year.”

#### Portfolio and Investment Activity<sup>4</sup>

As of March 31, 2026, the Company's NAV<sup>2</sup> was \$1,043.5 million and its portfolio had a fair value of \$2,319.1 million of investments in 115 portfolio companies, with a weighted average YTM at Cost<sup>6</sup> of approximately 11.1%. For the three months ended March 31, 2026, the Company originated \$117.1 million of investments<sup>7</sup>, offset by \$47.1 million of repayments<sup>7</sup> and \$444.9 million of sales (primarily related to the Secondary Sale).

#### Portfolio and Asset Quality

NMFC's mandate is to primarily target businesses in the middle market that, consistent with New Mountain's private equity platform, are high quality, defensive growth companies in industries that are well-researched by New Mountain. The Company's focus is on defensive growth businesses that generally exhibit the following characteristics: (i) acyclicity, (ii) sustainable secular growth drivers, (iii) niche market dominance and high barriers to competitive entry, (iv) recurring revenue and strong free cash flow, (v) flexible cost structures and (vi) seasoned management teams.
